THE AVENIR STORY

Avenir Ingredients is a dynamic company specialising in the supply of ingredients for the manufacture of personal care products to the Australian and New Zealand Markets.

Our philosophy has been to offer the highest quality ingredients from ethical and sustainable sources and to be able to service manufacturers and brands with our expertise in our ingredients.

Our team are highly qualified in chemistry and cosmetic science to assist our customers with their ingredient choices.

Since our inception, our range has expanded and we can now offer a complete spectrum of ingredients that are used in most personal care products. We have actives that are cutting edge and award winners, all with full clinical data to support their claims.

We source our ingredients from Suppliers known and trusted around the world for their quality and consistency. We lead the way with concepts and trends that we can share with our brand customers to formulate innovative products.

OUR EXPERTISE

EXPERTS IN INNOVATIVE INGREDIENTS

We have access to market trend information and concepts to inspire your brand. Our technically qualified sales team can also provide assistance and advice in selection of raw materials and formulating. We have carefully selected suppliers from all over the world who have the most innovative and sustainable ingredients.
